WHY THINK LOCAL?

Because small local businesses are the largest employers nationwide, have less negative impact on the environment, give an average of 350% more support to community groups than national chains, and keep more money circulating in the local economy. For every dollar a customer spends in an independent, local business, from 40 to 70 cents stays in the local economy and tax base. For every dollar spent in a chain, only 14 cents stays.

A SCAVENGER HUNT?

Sure! Look for our Local Lumpkin, hidden in each of the businesses listed in this passport. When you find him, get your passport punched (in those little boxes next to each business' listing). When you get at least 25 of the boxes punched, including at least 2 from each of the participating local towns, fill in the form on the back of this passport, and turn your passport in at any of our participating business locations. You'll be entered to win a fabulous prize! Happy Hunting!

Look for the Local Lumpkin, hidden and waiting for you to find him, at these locations throughout Lancaster County:
